Welcome to *On The Vine!* In this, our third edition, we're pleased to present our new, much expanded collection of jewelry and wearable art, uniquely created in food and wine themes. Having begun in New York, *On The Vine* has since moved to California and, thanks to the enthusiasm and support of our clients, expanded into a beautiful new shop. The saffron walls, Bordeaux carpeting and curving, terraced counters reflect the luxuriant Napa Valley landscape. A delightful melange of jewelry, hand-painted silk and denim clothing, and whimsical gifts, has been assembled just for you. They are to be enjoyed by all of us who love to eat, sip wine and celebrate the kitchen.

The selections featured are some of our favorites, but we have many, many more offerings available. Please call and we'll be glad to suggest additional items from the many choices in the store. As a part of the Napa Valley community, it is our pleasure to feature artistry reflecting the creativity and growing importance of this region as a wine and culinary mecca. Located in St. Helena, the heart of Wine Country, at 1234 Main Street (now that's an easy address to remember), we invite you to visit our shop to see our ever-changing collection.
